

Important information from Novo Nordisk

Upcoming discontinuation of NovoFine® Remover

Dear Healthcare Professional,

You are receiving this letter because our records indicate that you or someone within your organisation has requested **NovoFine® Remover** through Novo Nordisk Medical Information within the past twelve months.

We are writing to inform you of an upcoming change to the availability of **NovoFine® Remover** in Australia.

As part of a global portfolio consolidation strategy, NovoFine® Remover is being phased out globally. In Australia, **available supply of NovoFine® Remover is expected to be exhausted by December 2026**, based on current forecast, remaining stock and demand.

NovoFine® Remover is not supplied through wholesalers in Australia and has only been made available through Novo Nordisk Medical Information upon request.

Please note that, effective immediately, a maximum order limit of **10 units per order, per customer** will apply.

Healthcare professionals and care providers are encouraged to review current needle removal and disposal, and ensure that safe needle handling and sharps disposal practices continue to be followed in accordance with the relevant Instructions for Use that accompany each device.

If you have any questions in relation to the contents of this letter, please contact our Medical Information Team on aunrccc@novonordisk.com or 1800 668 626.

Yours sincerely,

Ana Svensson
Senior Director, Medical, Regulatory &
Pharmacovigilance
